

Conflict of Interest Statement

Manuscript: “GALOSH: Blind, Training-Free Denoising of Raw Bayer and sRGB Images by Parallel-Friendly Local Shrinkage”

The author discloses that a U.S. provisional patent application covering the methods described in this manuscript has been filed (Application No. 64/058,343, filed 6 May 2026). This is also disclosed in the manuscript’s title footnote.

The author declares no other conflicts of interest.
